

DURATION: 2 / 3 days (depending on number of trainees being assessed).

PRICE: Group POA

COURSE AIM: This course is designed for new members of an emergency command centre for training in effective management of emergency events.

PRE-REQUISITES: None.

COURSE OBJECTIVE: Through instruction and practical demonstration, investigate the principles of the emergency command team structure by looking at company procedures in relation to emergency response through emergency simulation, and practise roles within a central control/operations room.

COURSE CONTENT:

- Emergency Command Team Philosophy
- Individual Emergency Command Team Roles and Responsibilities
- Management of Emergency Information
- Emergency Command Team Coordination and Leadership
- Team Building and Team Development
- Communications

COMPETENCY: Trainees will receive a Certificate of Training as an Emergency Command Team Member.

METHOD OF TRAINING: This course is run over a 2 or 3 days, in which trainees will attend theory lessons, demonstrate knowledge and understanding of the Emergency Command Team structure and undergo practical training sessions in a simulator followed by debriefing sessions.
