

**COMMONLY KNOWN AS:** Authorised Gas Tester (AGT)

**DURATION:** 1 day

**PRICE:** \$440 per person

**DESIGNED FOR:** Personnel intending to become an Authorised Gas Tester within the workplace.

**PRE-REQUISITES:** None.

**DESCRIPTION:** In a typical scenario an individual may be required to carry out gas testing of an atmosphere prior to entering a specific area or workspace. The competency requires the person to interpret readings and take actions based on the interpretation.

**CONTENT:** It is essential that competence be demonstrated throughout the duration of the course:

- Identify common chemical asphyxiates, irritants, corrosives and flammable gases
- Prepare and plan for monitoring
- Operate gas test equipment
- Take precautions to safe guard health
- Take atmospheric readings
- Maintain equipment.

**ELEMENTS OF COMPETENCY:**

- MSAPMOHS217A/01 Prepare for gas testing
- MSAPMOHS217A/02 Test gas
- MSAPMOHS217A/03 Maintain equipment

**ASSESSMENT:** Assessment of underpinning knowledge will be by way of oral questioning and through the completion of a workbook. Trainees will also be required to demonstrate competence through practical scenarios requiring gas-testing techniques.

**CERTIFICATION:** On successful completion trainees will be issued with a Statement of Attainment in MSAPMOHS217A Gas Test Atmospheres.

**DELIVERY METHOD:** 4 hours of classroom theory PowerPoint presentations, including audio-visual material, practical desktop activities and discussion. 4 hours of practical components using specialised equipment in a range of work simulated scenarios.
