

OPITO FOET

Further Offshore Emergency Training

COMMONLY KNOWN AS: FOET

DURATION: 1 day

PRICE: \$990 per person

DESIGNED FOR: This course is designed for personnel who are new to the offshore oil and gas industry and who require the safety and emergency response training and assessment requirements to work in an offshore, cold water* environment.

PRE-REQUISITES: Current certification in OPITO BOSIET, TBOSIET or FOET.

DESCRIPTION: The FOET course allows trainees to practise and demonstrate skills which are not possible to be practised offshore during drills, exercises or offshore training.

CONTENT: It is essential that competence be demonstrated in all parts of the course:

- Helicopter safety and escape
- Fire fighting and self-rescue

ASSESSMENT: Trainees will demonstrate/explain/identify their level of knowledge, skills and understanding through oral and/or written questioning and practical activities.

CERTIFICATION: On successful completion trainees will be issued with a Statement of Attainment in OPITO Further Offshore Emergency Training (FOET), and a personalised FOET identity card.

In addition to the OPITO certification, this course also meets the requirements for the following National Units of Competency from the Chemical, Hydrocarbons & Oil Refining Training Package (PMA02) and the Asset Maintenance Training Package (PRM04). Successful completion of these Units of Competency will also be displayed on the certificate:

- PMAOHS214A Undertake Helicopter Safety and Escape
- PRMPFES05B Use Portable Fire Fighting Equipment

DELIVERY METHOD: 3 hours of classroom theory PowerPoint presentations, including audio-visual material, practical desktop activities and discussion.

5 hours of practical components using specialised equipment in a range of work simulated scenarios.

MEDICAL CLEARANCE REQUIRED: Trainees will be required to supply a completed medical clearance on their first day of training. This medical clearance must have been completed by a medical practitioner, within three months of the start of the course.

VALIDITY: This course is valid for four years from the date of training. However, your specific company may require this course to be refreshed every two years.
