

OPITO TEBS

Tropical Emergency Breathing System

COMMONLY KNOWN AS: TEBS

DURATION: 1 day

PRICE: \$650 per person

DESIGNED FOR: Personnel who have current TBOSIET/FOET certification and who need to add emergency breathing system training to their skill base.

PRE-REQUISITES: Current certification in TBOSIET and/or FOET

DESCRIPTION: This course complements the TBOSIET and FOET courses and enables personnel to travel to an offshore oil and gas installation by helicopter (in a warm water tropical environment) when issued with an Emergency Breathing System (EBS).

CONTENT: It is essential that competence be demonstrated throughout the duration of the course:

Helicopter Emergencies:

- Donning an aviation lifejacket and EBS
- In-flight emergencies
- Ditching and emergency landing
- Evacuation

EBS Familiarisation:

- Evacuation
- Donning an aviation lifejacket and EBS
- Verifying the integrity of the EBS equipment
- Carrying out re-breathing actions using EBS in dry conditions
- Carrying out breathing actions in a pool environment utilising personal air

Practical Helicopter Escape:

- Donning an aviation lifejacket and EBS
- Preparation for a helicopter ditching/emergency landing
- Actions following a controlled ditching on water
- Actions following a partial submersion of an aircraft
- Actions following an aircraft capsize

ASSESSMENT: Trainees will be assessed against learning outcomes using direct observation; oral and/or written questions; and/or use of a workbook; and practical exercises as appropriate.

CERTIFICATION: On successful completion of the course, trainees will be issued with a Statement of Attainment in OPITO Tropical Emergency Breathing System Training.

DELIVERY METHOD: 3 hours of classroom theory PowerPoint presentations, including audio-visual material, practical desktop activities and discussion.
5 hours of practical components using specialised equipment in a range of work simulated scenarios.

MEDICAL CLEARANCE REQUIRED: Trainees will be required to supply a completed medical clearance on their first day of training. This medical clearance must have been completed by a medical practitioner, within three months of the start of the course.

VALIDITY: This course is valid for four years from the date of training. However, your specific company may require this course to be completed ever two years.
