

DURATION: 3 / 4 days (depending on number of trainees being assessed).

PRICE: Group POA

COURSE AIM: This course covers emergency command training and gives Commanders experience to a number of simulated exercises on varying scenarios.

PRE-REQUISITES: PMAOMIR320B Manage Incident Response Information

COURSE OBJECTIVE: The course covers emergency command training and allows course trainees to experience a number of simulated exercise scenarios to attain the relevant competency standard, PMAOHS511A..

COURSE CONTENT:

- Effective Command during Emergencies
- Emergency Management Strategies & philosophy
- Leadership & Delegation
- Roles & Responsibilities
- Information Management
- Dealing with Stress
- Communications
- Time-Outs
- Personnel/Resource Management
- Post-Event Issues

COMPETENCY: All trainees will be assessed on performance and understanding and will receive a formal assessment against the PMAOHS511A competency unit. On successful completion of the course, trainees will receive a Statement of Attainment in PMAOHS511A Manage Emergency Incidents.

METHOD OF TRAINING: 3 to 4 days for theory and practical simulator sessions and practice sessions in order for assessment to be conducted on Emergency Commanders' or Emergency Commanders' preparedness to achieve the PMA standard.
