

ERGT Australia's Compressed Air Emergency Breathing System (**CA EBS**) course covers the fundamental differences between re-breather and compressed air systems, the rationale and hazards associated with compressed air emergency breathing systems and the actions to be taken when conducting pre-flight inspections, donning the lifejacket correctly, buddy checks and emergency deployment in a dry environment.

Personnel who work offshore and are required to carry a CA EBS when flying will need this training.

OUTCOMES:

Record of Achievement in:

OPITO Compressed Air Emergency Breathing System
(CA-EBS) Initial Deployment Training (Standard 5902)

LOCATIONS: Perth, Melbourne, Darwin & Onsite

DURATION: 1.5 hours

CONTACT: 1300 ERGT AU | info@ergt.com.au

For prices and scheduled dates please see ergt.com.au

**AUTHORITY / REGULATOR**

OPITO endorsed training is regulated by the Offshore Petroleum Industry Training Organisation (OPITO), which is the global, not-for-profit, skills body for the energy industry.

LEARNING OUTCOMES

To successfully complete this training delegates must able to explain:

- The fundamental differences between re-breather and compressed air systems (technology and use)
- The rationale and use of compressed air emergency breathing systems in helicopter emergency situations
- The hazards associated with compressed air emergency breathing systems

To successfully complete this training delegates must able to demonstrate:

- A pre-flight inspection of the life jacket and CA-EBS
- Donning the life jacket with CA-EBS correctly, including 'buddy check'
- An emergency deployment of the CA-EBS in a dry environment

COURSE REQUIREMENTS

A current OPITO FOET, TFOET, BOSIET, TBOSIET, THUET or HUET certificate.

A medical is not required for this course, however the pre-requisites (as listed above) do require a current medical. Please see the Medical Form document on ergt.com.au for a list of accepted Medical Clearances.

STRUCTURE & ASSESSMENT

This course is given through classroom presentations, activities and participant discussion. Trainees will demonstrate their competence through oral &/or written assessment & practical exercises.

CERTIFICATION

Upon successful completion trainees will be issued with a Record of Achievement in:
OPITO CA EBS Initial Deployment
